

# AUDIO VISUAL SOLUTIONS

CANCÚN · MÉXICO · USA

AUDIO · LIGHTING · VIDEO FOR CORPORATE EVENTS

— 01 — WHO WE ARE

# CREATIVE AV SOLUTIONS, IN EVERY DETAIL.

Audio Visual Solutions Cancún / México offers an extensive range of services and high-end technology for corporate events in Cancún, the Mayan Riviera, and across México — delivered by an exceptionally talented and professional team.

# TWO COUNTRIES. ONE STANDARD OF SERVICE.

MÉXICO

## CANCÚN • MAYAN RIVIERA • NATIONWIDE

Operating since 2002 — corporate, congress, and hotel segments.

UNITED STATES

## HOUSTON, TX • MIAMI, FL

Operations launched in 2021 — the same team you can trust in the U.S.

# WHAT WE STAND FOR.

Three principles guide every project we touch — from the first site visit to the final cue of the night.

/ 01

## ADVISING

We sit on your side of the table. Plans, budgets, and gear specs are tailored to the room and the run-of-show — not the other way around.

/ 02

## PROFESSIONALISM

A senior crew with two decades on the floor. Calm, prepared, and quietly obsessive about the details that audiences never need to notice.

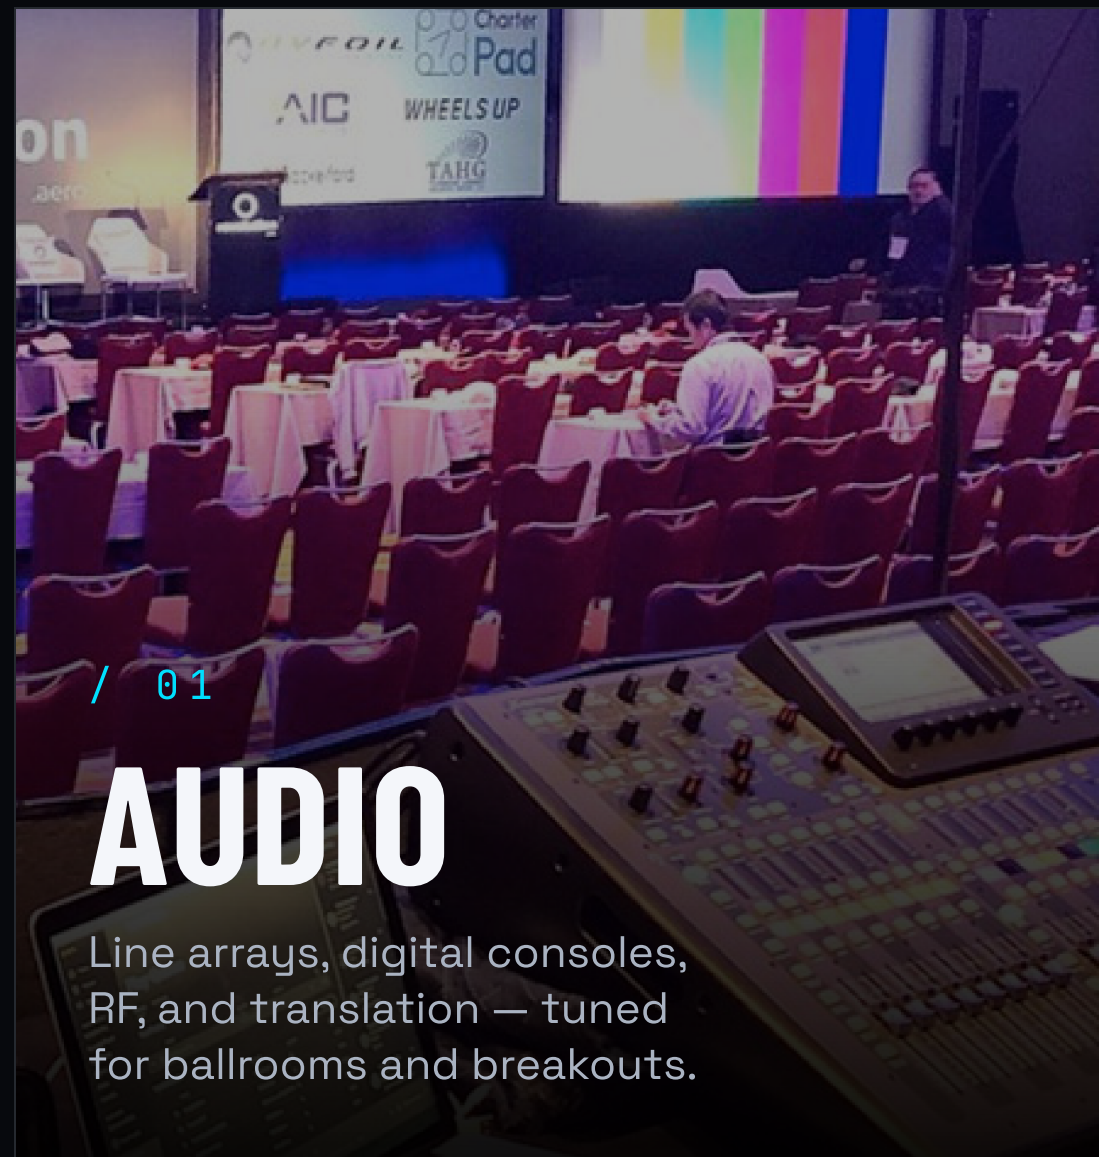

/ 03

## COMMITMENT

We stay until your event lands. Every deadline, every show day, every contingency — owned end-to-end by the people you met in the proposal.

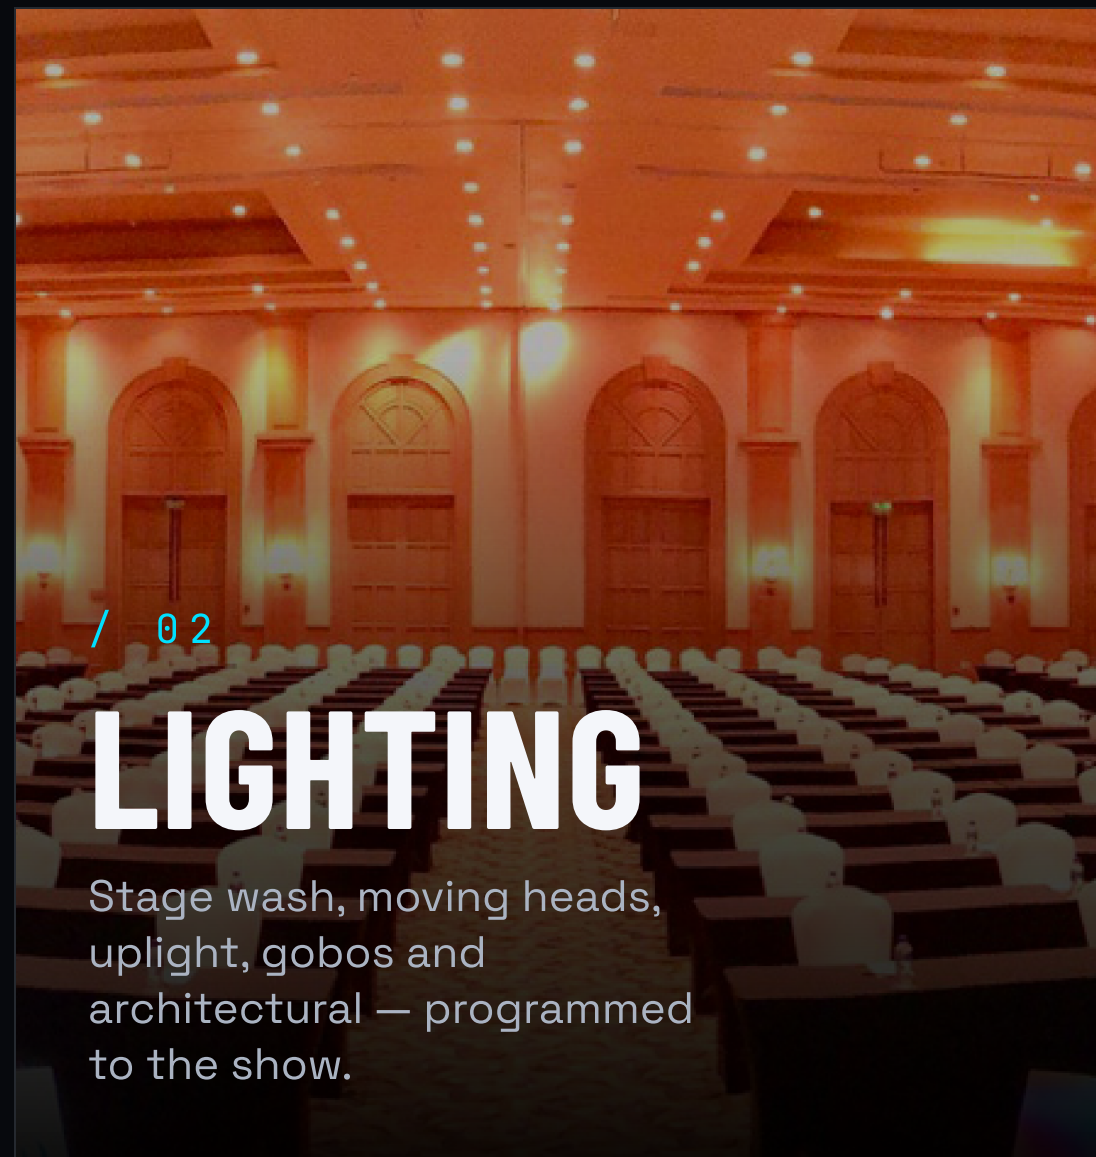

# THREE DISCIPLINES, ONE PRODUCTION.

Audio, lighting and video specified, installed, operated and struck by a single integrated crew.

## AUDIO

Line arrays, digital consoles, RF, and translation — tuned for ballrooms and breakouts.

## LIGHTING

Stage wash, moving heads, uplight, gobos and architectural — programmed to the show.

## VIDEO

LED walls, projection mapping, IMAG, switching and recording — for any room scale.

/ Discipline 01

# AUDIO.

Studio-grade reinforcement,  
intelligible from the front  
row to the last seat in the  
house.

LINE ARRAYS

DIGITAL MIXING

RF · IEM

SIMULTANEOUS TRANSLATION

CONFERENCE MICS

RECORDING

/ Discipline 02

# LIGHTING.

Atmosphere as a tool — to focus a keynote, brand a stage, or reset a ballroom for the gala.

MOVING HEADS

WASH · KEY · BACK

UPLIGHT · ARCHITECTURAL

GOBOS · CUSTOM

TRUSSING · RIGGING

SHOW PROGRAMMING

/ Discipline 03

# VIDEO.

Imagery at scale — from a single confidence monitor to wall-to-wall LED across a ballroom.

LED WALLS

PROJECTION MAPPING

IMAG · MULTI-CAMERA

SWITCHING · PLAYBACK

STREAMING · RECORDING
